

# FUSION™

POWERED BY

JAWS® AND ZOOMTEXT®

Fusion 2018 is the ultimate accessibility tool for individuals with any level of vision impairment. Fusion provides the best of both worlds – the power and speed of JAWS for screen reading functionality, coupled with ZoomText, for screen magnification and visual enhancements for screen viewing ease.

By blending JAWS and ZoomText together, Fusion has flexible, high-quality speech using Eloquence and Vocalizer Expressive, powerful keyboard access including navigation on the web, and a wide range of customization options.

Fusion is the perfect solution for schools, agencies, training centers, and businesses where individuals with vision loss are served. **A single installer and one license** gives access to both JAWS and ZoomText individually, or together when run as the combined solution – Fusion.
